UNWINED CONTINUED

## ***Apple Barn Orchard and Winery***

The Apple Barn specializes in a variety of fruit wines and features an open orchard and farm where you can pick your own fruit! They make all of their own apple cider and fresh cider donuts. You're assured homegrown goodness; it really is...made in Wisconsin!

## ***The Fuzzy Pig***

A hand-renovated barn lovingly converted into a distinct Country Mall. The family house next door to the Country Mall has been completely gutted and transformed into a rustic and enchanting restaurant featuring a '50s Malt and Snack Shop and a Gourmet Coffee Shop.

## ***Northleaf Winery***

Step into another era... This winery will engage all your senses with complimentary wine-tasting in their restored 1850's tasting room. Enjoy music and browse their gift boutique while enjoying Wisconsin-made wine.
